EXECUTIVE COMMITTEE, 1910.

The National Society

OF

College Teachers of Education

TO MEMBERS:—

The next annual meeting of the National Society of College Teachers of Education will be held in Mobile, Alabama, on February 23d and 24th, 1911, in connection with the meeting of the Department of Superintendence of the National Education Association.

The members of the Society will meet at luncheon at The Battle House, on Thursday, February 23d, at 12:30 p. m. This luncheon will be followed by a short session, when one or two of the papers will be read. The second session will be held on Friday, February 24th, at 1:30 p. m., when the remaining papers will be presented and time given for general discussion.

The subject this year is "Co-operative Research Within the Field of Education: Its Organization and Encouragement." Papers will be read by Ellwood P. Cubberley, Professor of Education, Leland Stanford Junior University; Walter F. Dearborn, Assistant Professor of Education, Uni-

versity of Chicago; and Paul Monroe, Professor in the History of Education, and Edward L. Thorndike, Professor of Educational Psychology, Teachers College, Columbia University.

The demand for the previous monographs of the Society has exhausted the supply in the hands of the Secretary. This year the papers were printed by the School Review, of the University of Chicago, and pursuant to the suggestions made at the annual meeting last year, the Executive Committee has entered into contract with this journal to print the future monographs of the Society and to issue reprints of the earlier papers. This contract is still subject to the action of the Society at the Mobile meeting.

Any one desiring to propose names for membership should present these names in writing to some member of the Executive Committee before the end of the first session on Thursday, February 23d.

A large attendance at our sessions is assured.

Very cordially,

E. O. HOLLAND,

Secretary.
